

## Reservations By Unidentified Descendants.

Updated April 27, 2008.

The following individuals have reservations for burial, but their names are not included in the genealogical register.

Inclusion in the list below does not mean that kinship is doubtful, nor that these reservations have been "cancelled," so to speak. Rather, the appearance of a name in this list most likely means that the genealogical register of those eligible for burial in the Bonner Memorial Cemetery (Toxey, AL) needs to be updated.

The [genealogical register](#) includes blank family group sheets and pedigree charts (pp. 183-5), which can be downloaded and completed in order to update the registry.<sup>1</sup> Please make sure that your family's information is current and correct so that we are able to maintain the integrity of our family's cemetery. Without such information, cemetery representatives will be less able to assist you during your family's hour of need.

Contact [John H. Ratliff](#) (15195 Jack Lunceford Drive, Coaling, AL 35453) with any necessary additional information/corrections that need to be made to the registry.
